

KINGWEN

2023 HOLIDAY COLLECTION

*Then wear the gold hat, if
that will move her;
If you can bounce high, bounce
for her too,
Till she cry "Lover, gold-
hatted, high-bouncing lover,
I must have you!"*

The collection is inspired by the "Flapper" style of THE JAZZ AGE in the 1920's: ladies ditching their tights and cutting off their long hair, transforming into party queens for the night and enjoying the dance floor to jazz music.

Founded in London, KINGWEN was featured in the official schedule of London Fashion Week at its inception and was invited to participate in the second Hainan Fashion Week show in 2022. "KINGWEN" originates from an alternative interpretation of romanticism, exploring the classical Western art from oriental perspective. The brand's designs are inspired by mythology and cultural relics, and are brought to life by gradient fabrics and draping. Each of the brand's creations incorporates the sense of freehand like the flowers and birds in Chinese ink painting.

The founder, Claire Huang, graduated from Central Saint Martins majored in Fashion Design. Kingwen has worked for luxury brands such as Cartier, Thom Browne and Simone Rocha . Her designs have also been published in Vogue Italy, L'OFFICIEL, V MAGAZINE, etc. The brand now stays in close connections with various artists and celebrities.
